

Shuresafe® Model 973564 Manual Intercom System

- ✓ Attaches to the internal speaker of a SMC Model #670330 UL® Security Drawer to create a SMC Model #670331 UL® Security Drawer
- ✓ Durable, reliable solution for any single-channel application when the operator does not need to talk hands free
- ✓ Operator presses one button to talk while the customer speaks hands-free

Shuresafe® Model 900661 Manual Intercom System with External Speaker/Call Button

TAP-LR-3W

- ✓ Manual Intercom System and Weather-proof Stainless Steel Speaker integrates with any **Shuresafe®** Security drawer system as an add-on component.
- ✓ Stand-by/Tone mode allows Operator to silence noise from the external speaker until customer notifies the Operator by manually pressing the "Call Button."
- ✓ Voice Mode allows the customer to automatically communicate by voice with the attendant.
- ✓ Speaker has a Stainless Steel Face plate with hermetically sealed "Push to Call" button
- ✓ Speaker Face Plate is 4 ¹³/₁₆"W x 7 ³/₁₆"H and requires a flush mount wall opening of 4 ¹/₈"W x 6 ¹/₂"H x 2"D.
- ✓ Optional surface mount box is available in cold rolled, or stainless, steel.
