

SLIDING DEAL TRAY

www.pacificbulletproof.com

FEATURES:

- 14" wide x 14" deep x 2" high
- 18 gage stainless steel brushed finish
- 1" flange for easy installation

INSTALLATION:

This deal tray is designed to be installed into counter tops, installation is as simple as cutting a rectangular opening in the counter top and dropping in the tray that meets your needs. Sliding lid has full width flange across the rear which acts as a handle. The lid slides on solid bearings, forward and backwards to uncover desired section of tray below. Lid offers extra protection and helps maximize heat or or cooling loss.

SPECIFICATIONS:

- **HARDWARE:**
All teller counters are to be provided with all the necessary components and hardware needed for installation.
- **FINISH:**
All aluminum hardware, components, and accessories will be finished per the customer's specification.
- **CONSTRUCTION:**
All hardware and components will be completely prefabricated and ready for fast installation.
